CAREER OBJECTIVE

I aim to build my career by gaining experience and talents. Improving my interpersonal and tech skills. Forging my way into the world of technology, I intend to pour myself into everything I do. Working towards a long term goal of finding a software development position that will both challenge me and give me an outlet for my creative drive.

WORK EXPERIENCE

STUDENT COORDINATOR

College of Science IT | Texas A&M /
Feb 2022 - Present

- Repaired computers for the entire College of Arts and Science.
- Imaged new computers we received.
- Provided software solutions to professors and lab groups.
- Onboarded new domain users.
- Managed domain user accounts with Active Directory.

STUDENT ASSISTANT

Instructional Media Services | Texas A&M /
Feb 2021 - Feb 2022

- Serviced 60 classrooms across the A&M Campus.
- Provided on-call tech support for professors.
- Installed new equipment in classrooms.
- Removed and put into surplus outdated equipment.

FRONT-END DEVELOPER

Novitech Digital | Pretoria, South Africa /
Oct 2020 - Oct 2020

- Designed a notification system to send messages to their app's users.
- Built the notification system using Flutter.
- Integrated my system with their API.
- Deployed the application that has been used to send over 40,000 notifications.
